...RESPONDENTS

(By Advocate Sh. K.R.Sachdeva in all the OAs, except No.576/2000)  
(Sh. H.K.Gangwani for respondents in OA-576/2000)

ORDER

Delievered by Hon'ble Shri S.A.T. Rizvi, Member (A):-

All these OAs ( OA Nos. 575/2000, 576/2000, 577/2000, 578/2000, 608/2000 and 24/2000) have been filed by the Sr. Telecom Operating Assistants (for short Sr.TOAs) working in the establishment of Respondent No.1 (Chairman-cum-Secretary, Telecom Commissioner, Ministry of Communications, Department of Telecommunication, New Delhi) and are seeking promotion to the rank of Junior Technical Officer (JTO) in the same establishment on identical grounds and by impugning the same set of orders. With the consent of the learned counsel on either side it is, therefore, proposed to dispose of these OAs by this common order.

29

2. The applicants in all the OAs are aggrieved by the provisions of the JTO Recruitment Rules, 1996 (hereinafter referred to as JTO RRs, 1996) and have impugned the vires of the aforesaid RRs on the ground that the provisions of Article 14 and 16 of the Constitution are thereby hit. The applicants have also along side impugned orders issued by the respondents for holding screening tests for promotion to the post of JTO against 35% quota prescribed in the aforesaid RRs.

3. As none was present on behalf of the applicants in any of the OAs, we have heard the learned counsel for the respondents, in detail, and have also perused the material on record.

4. The aforesaid JTO RRs-1996, the vires of which has been challenged by the applicants, insofar as the same relate to the contentions raised by the applicants provide as follows.

4(A) The posts of JTOs are to be filled 50% by direct recruitment through competitive examination (in accordance with the instructions issued by the Department in this behalf) and the remaining 50% by promotion/transfer as indicated under column 12 of the Schedule to the aforesaid Rules.

4(B) The aforesaid column 12 of the Schedule provides that 50% posts of JTOs to be filled by promotion/transfer of departmental candidates will, in turn, be filled 15% by promotion of departmental

d

candidates through a competitive examination and the remaining 35% by promotion/transfer of Transmission Assistants (TAs)/Wireless Operators (WOs)/Auto Exchange Assistants(AEOs)/Phone Inspectors (PIs) and Telecom. Technical Assistants (TTAs).. The same column 12 of the Schedule further provides that the above mentioned 15% posts of JTOs to be filled by promotion of departmental candidates through a competitive examination will be so filled by employees, other than the following employees, considered eligible for the purpose:-

- "(i) borne on the regular establishment and working in Telecom. Engineering Branch of Department including those working in the office of Chief General Manager, Telecommunication Circles/District other than.
- (a) Transmission Assistants, Telephone Inspectors, Auto Exchange Assistants and Wireless Operators and TTAs.
- (b) Plumbers/Sanitary Inspector/Conservancy Inspector.
- (ii) Working in Telecommunication Factory, other than those borne on industrial establishment."

5. From the aforesaid provisions of the JTO RRs-1996 made effective from 9.2.1996, it is clear that the post of Sr. TOA is included in the list of officers rendered eligible for consideration under the 15% quota earmarked for promotion of departmental candidates through a competitive examination. For the same reason, the post of Sr. TOA cannot be said to be included for consideration under the 35% quota earmarked for being filled through promotion/transfer of TAs/WOs/AEOs/PIs and TTAs.

6. The aforesaid RRs have been framed under the proviso to Article 309 of the Constitution and their validity cannot, therefore, be ordinarily questioned except on the ground of violation of Articles 14 and 16 of the Constitution. That is why, the applicants have advanced the plea of violation of the aforesaid Articles of the Constitution by the act of the respondents in excluding them from the scope of consideration for promotion under the aforesaid 35% quota. We will deal with this issue in the following paragraphs. Along side, the applicants have also placed reliance on certain administrative/executive instructions issued by the respondents and placed on record at Annexures A-3, A-4 and A-5. All these instructions were issued before the aforesaid RRs of 1996 came into force and, therefore, would be void to the extent any of these are repugnant in any manner to the provisions of the aforesaid RRs. Thus invoking the aforesaid administrative/executive instructions in support of their case will not help the applicants.

6. Insofar as the vires of the aforesaid RRs of 1996 is concerned, it must be pointed out that while Article 14 of the Constitution does not allow discrimination between equals, the same also does not prohibit framing of different sets of rules for different categories/cadres of employees. Admittedly the cadre of the applicants is different from the cadre of the TTAs and the other categories included in the aforesaid RRs. We also find that there are two different routes available to the Sr.TOAs (applicants in

these OAs) for getting promoted to the rank of JTOs. Firstly, they can seek promotion under the aforesaid 15% quota through a competitive examination. Secondly, they (Sr. TOAs) can first get promoted to the rank of TTAs through another competitive examination and thereafter get promoted to the rank of JTOs under 35% quota aforesaid. We find that a distinct provision has been made in the TTA RRs 1998 (Annexure R-3) providing for the absorption/promotion of Sr. TOAs (applicants in these OAs) to the rank of TTAs. Viewed thus, the Sr. TOAs constitute a feeder cadre for the post of TTA, and at the same time are eligible, subject to certain conditions, for promotion directly to the rank of JTO under the 15% quota forming part of the aforesaid RRs 1996. In our view, therefore, there can be no question of invoking the provisions of Articles 14 and 16 of the Constitution in the OAs under consideration, and the corresponding plea advanced by them is rejected.

7. The learned counsel appearing for the respondents has drawn our attention to the orders passed by the Chandigarh Bench of this Tribunal on 20th May, 1999, in a similar case and involving similar issues whereby the prayer of the applicants for interim relief was disposed of. A copy of the order passed by the Chandigarh Bench has been placed on record at Annexure R-7. We have had occasion to refer to the findings of the Chandigarh Bench of this Tribunal recorded in the aforesaid order. The following extract taken there from will be found useful for arriving at a just and fair conclusion in this case:-

"Notwithstanding the claim of the applicants regarding the qualifications for the cadres of Sr.TOAs/TOAs and TTAs being similar for forming part of a 'walk-in group', this letter makes it clear that these are two separate cadres. We can take judicial notice of this fact also that qualifications for direct recruitment to the post of TTAs and JTOs are essentially of technical nature and are of much higher level. That there is some similarity at the initial stage, cannot be the determining factor that these are two equivalent or similar cadres.

6. Applicants have very strenuously argued that after introduction of sophisticated machinery by the Telecom Department, the cadres were restructured and the applicants are also dealing with sophisticated machinery as TTAs are. Such a contention is apparently deceptive. On a closer scrutiny, we find that the cadre of the applicants is basically of the persons who would be operating such sophisticated machinery, whereas the other categories, particularly the TTAs are the employees who would be responsible for maintenance, repair and other up-keep of that sophisticated machinery. Both these cadres have their separate Recruitment Rules with provision of distinct nature of duties.

7. Annexure R-2 is a copy of Telecom Technical Assistants Recruitment Rules, 1998 and examination of the same provides us with a factor which negates the claim of the applicants altogether. The cadre of Sr.TOAs is included in the category of feeder cadres for appointment to the posts of TTAs in Category III, through competitive examination. Here also, the posts of TTAs are first to be filled from Category (1) which are basically technical people and, thereafter through qualifying screening test of Category No.(2) and only thereafter from the category of Sr.TOAs, through a competitive examination. Thus, the claim of the applicants against 35% quota by by-passing Categories (1) & (2) as aforesaid, prima facie appears to be far fetched, particularly for posts of JTO which still higher than TTAs.

8. While considering such a prayer for interim relief, a court of law is required to examine whether the applicants have a prima facie case in their favour. Admittedly, and even as

per the case of the applicants, as long as the Recruitment Rules of 1996 stand, as they are today, and are not set aside, applicants have no claim against the 35% quota. We will be assuming too much if we permit the applicants to be considered against the aforesaid 35% quota, meant for other categories, by ignoring the Recruitment Rules at this stage. It is yet to be decided as to whether the said Recruitment Rules for posts of JTOs are in violation of some provisions of the Constitution and are likely to be quashed. Prima facie, rules can always be framed, providing for different quota for different categories, as it is in the present case. We do not find existence of any inherent vested right in favour of the applicants under any law for this purpose, much less in the Chapter of Fundamental Rights in the Constitution of India as claimed by the applicants. What to say of Fundamental Rights, they do not have as yet a right even under the Recruitment Rules.

9. As discussed above, we are of the opinion that prima facie the cadre of the applicants is of non-technical nature, while the TTAs, included under 35% quota, are technical. Obviously, there appears to be no comparison between these two cadres. Such comparison, as claimed by the applicants, on the basis of equal pay scales is quite tedious as, if accepted, it can made many more categories of employees eligible for such posts. Yet, the rules have made a provision for some persons even in the cadre of the applicants who may have technical aptitude for technical jobs by earmarking 15% quota for their promotion through competitive departmental examination. In our opinion, that sufficiently takes care of the claim of the applicants.

10. Article 14 of the Constitution does not allow discrimination amongst equals, but does not prohibit framing of different sets of rules for different cadres. The cadre of the applicants is different from the cadre of the TTAs and other categories included in the 1996 JTOs Recruitment Rules, aforesaid. We have also examined the nature of duties, their status and also the position of Sr.TOAs under the 1998 Recruitment Rules vis-a-vis T.T.As. In our considered opinion, the applicants have no case at all, what to say of existence of a prima facie case, for grant of interim relief, as prayed for. Accordingly, the prayer for interim relief is hereby rejected (emphasis supplied)."

8. The aforesaid order of the Chandigarh Bench of this Tribunal is not a final order and cannot, therefore, bind on us. All the same we find that the findings recorded by the Chandigarh Bench, which have been reproduced above, are totally in accord with the provisions of the aforesaid RRs of 1996 and RRs of 1998. It will be seen that we have already reached the same conclusions in our discussions outlined in paragraphs preceding the paragraph 7.

9. In the background of the above discussion, the OAs cannot survive and deserves to be dismissed. We order accordingly. No costs.
