made by a Bench of this Tribunal comprising of the following:-

In terms of Rule 17(ii), a review petition should

Further, in terms of Rule 17(iii) unless ordered otherwise

Since Shri Justice Puthaswamy & Mr. Ajay Johari one of the Members

From prepage.

I have carefully read the order and the grounds urged by the applicant in his Review Application.

2. In my opinion, the order made by the Division Bench, does not suffer from a patent error, to justify a review under the Act. In reality and in substance, the applicant is asking the Bench to re-examine the order made as if we are a court of appeal and come to a different conclusion which is impermissible in review. From this it follows, that this application for review, which is devoid of merit, is liable to be rejected. I, therefore, propose to reject this application for review.

K.S. Puttaswamy
(K.S. Puttaswamy)

Vice-Chairman.

Hon'ble Ajay Johri, Member (A).

I have read the order and gone through the grounds made by the applicant in his review application seeking a review of our orders dated 11.10.1988 in the Original Application.

2. I agree with my learned Brother, Hon. Justice K.S. Puttaswamy, V.C., that the order does not suffer from any patent error and no new point of law or any material which was not in the knowledge of the applicant at the time when OA was argued has been brought out in the review application. What he is seeking is only a revision of our orders given in OA which does not come within the parameters on which a review can be sought. The application being without merit, I agree with the proposal made by my learned Brother for rejection of the review application.
