|                       | <p>of applicant only the illness slips were being submitted and it shows that the applicant is not interested in pursuing the case and he had lost interest in the case. He also stated that facts of the case shows that applicant has no interest in pursuing the matter. He stated that the applicant was transferred from the institution and he was relieved. But irrespective of the fact that he was relieved he did not joined at the transferred place and hence salary was not paid to him and the OA has been instituted for giving a direction to the respondents in order to pay the salary since 04.11.2003. Learned counsel for the respondents also argued that lateron the applicant joined at the transferred place and the salary was paid regularly to him and the circumstances of the case shows that he has no interest.</p> <p>We have considered the ground mentioned for restoration in the application and we are of the opinion that the ground is not sufficient. In case the Advocate for the applicant was ill then an illness slip could have been submitted as being sent earlier and afterwards on behalf of applicant's advocate but no illness slips were sent on that date. This fact shows that the applicant was not pursuing the case and he is not interested. No useful purpose is going to be served in restoring the case as</p> |           |
