ORDER

Dated : 20.11.1991

Per : Hon'ble Mr. S. Gurusankaran .. Member (A)

None present for the applicant. Mr. N.S. Shevde, learned advocate for the respondents present. It is seen from the file that even though the application is filed in January, 1991, office has raised objections regarding incomplete particulars, non-supply of annexures etc. and after giving sufficient time, office has pointed out that the objections have not been removed even after a period of about 10 months. From this it is clear that the applicant is not keen in prosecuting the matter. Hence the application is rejected at the admission stage itself for want of prosecution and incomplete application

6.2.1992

Date	Office Report	O R D E R
12.2.1992		<p>Heard Shri B.H. Mehta learned advocate for the applicant and Shri N.S. Shevde, learned advocate for the respondents. This application was dismissed on the ground that office objections were not removed, though time was granted, Hence order was passed by this Tribunal on 6.2.1992 accordingly. On 7.2.1992, the application was made under signature of learned advocate for the applicant for restoration of the original application. It is true that this application is not signed by the applicant and therefore no miscellaneous application number is given by the office. However, in the instant case, the original application was dismissed because the objection was not removed. No regular number to original application could be given unless the office finds that there is no office objection or that the office objection is removed. This is the case where the office had raised objection and the applicant did not remove ^{it} within the time given by the office and also by the Tribunal. The omission of the signature of the applicant on the application dated 7.2.1992 should not be settled ^{fatal} to the interest of the applicant, moreso when the office has not given regular number to original application because of office objection. As the main application of the applicant has still the Stamp Number, the defect in not having signature of the applicant in the restoration application should not be settled ^{fatal}. The application is filed on the very next day after dismissal of O.A. Stamp and the defect in not having the signature of the ^{fatal} applicant is not settled. The application under signature of learned advocate for the applicant be given regular miscellaneous number. It is allowed. The learned advocate for the applicant undertakes to remove the objection within two days. Time granted for two days, in default of which, the applicant will</p>

post of marker.

..

With due respect, I beg to state that I have worked as a replacement for Marker in RSC Badminton court during the period from 1983-1985 and gained experience in this field. Since I came to know that you are going to ~~select~~ select Markers, from Class-IV staff, I submit this application with a hope that you may give due consideration based on my experience in this field. Sir, for your information, I would like to state that I know almost all the games, especially, badminton, squash, table tennis, Volleyball, Cricket, billiards etc. Sir, prior to the posting of Mr. Sitaram, my father Manilal Mangal was the Marker and during his entire tenure, after office hours, I have been assisting him and whenever he goes on leave, I have been looking after the duties and I am very much conversant with the overall supervision of these games. I can be entrusted any of the work that are connected with sports including the arrangements on the prize distribution function, etc.

I shall be ever grateful to you Sir, for your favourable action on my humble request.
