Applicant claims promotion as Assistant Station Engineer with effect from 1982. In fact, he was promoted in 1986 and it is said that notional promotion has been given from 1982. The question is whether the period from 1982 can count for further benefits. Counsel for respondents submits that the Department is taking a fresh look at the matter. Counsel for

applicant submits that applicant will be satisfied if a decision is taken at an early date, reserving freedom in him to challenge the decision if it is adverse to him. We direct respondents to take a decision in the matter within four months from today and communicate the same to applicant. If the decision is adverse to applicant, he will be free to seek appropriate remedies.

2. We dispose of the application accordingly. No costs.
