(Shri M.S. Ananda Ramu, Advocate)

of the applicants for regularisation and pass appropriate orders as the circumstances so justify in each case.

6. Shri M. Vasudeva Rao, learned Additional Central Government Standing Counsel appearing for the respondents contends that the applicants were not entitled to regularisation in terms of the Order/OM of the Government made on 7.5.1985.

7. On 7.5.1985 the Government had issued an Order/OM directing its subordinates to regularise the service of those working as on that date, and the same, which is material reads thus:-

"The undersigned is directed to say that services of casual workers may be regularised in Group 'D' posts in various Ministries Departments etc. Subject to certain conditions, in terms of the general instructions issued by this Department. One of these conditions is that the casual workers concerned should have been recruited through the employment exchange, sponsored by the employment exchange being a basic and essential conditions for recruitment under the Govt. It has repeatedly been brought to the notice of the various administrative authorities that recruitment of casual workers should always be made through the employment exchange. It has, however, come to the notice of the Department that in certain cases these instructions were contra casual workers were recruited otherwise than through the employment exchange. Though these persons, may have been continued as casual workers for number of years, they are not eligible for regular appointment and their services may be terminated anytime.

Having regard to the fact that casual workers belong to the weaker section of the society and termination of their services will cause undue hardship to them, it has been decided, as a one time measure, in consultation with DGE&T that casual workers recruitment before the issue of these instructions may be considered for regular appointment in Group 'D' posts in terms of the general instructions, even if they were recruited otherwise than than through employment exchange, provided they are eligible for regular appointment in all other respects.

2. It is once again reiterated that no appointment of casual workers should be made in future otherwise than through the employment exchange. If any deviation in this regard is committed, responsibility should be fixed and appropriate departmental action taken against the official concerned."

While the applicants claim that they fall within the parameters of this OM, the respondents claim that they do not.

8. But, the respondents do not dispute that so far the competent authority in the case of the applicants had not examined their cases with reference to the same with due regard to the facts and circumstances of each case and had not made his orders one way or the other at all. We need hardly say that this must first be done by the competent authority. Without that being done by the competent authority, we cannot embark on that inquiry. Even otherwise, we do not consider it proper to do so, without insisting on the competent authority first doing the same. On this view, we only consider it proper to insist on the authority to do the same first leaving open all other questions.

-6-

9. Some of the applicants had been working off and on from 1982 and onwards. We have earlier noticed that all the applicants had been terminated from 10.6.1988. Before the competent authority considers the cases of the applicants for regularisation, we do not consider it proper to take exception to their terminations or grant them any backwages or any other reliefs.

10. Whether there are vacancies against which all or any of the applicants can be accommodated or not, has necessarily to be examined and decided by the authorities themselves. But, if there are vacancies then, it is for the authorities to examine the same with due regard to the length of service of the applicants and accommodate all or any of them even before considering their cases for regularisation. We do hope and trust that they will do so.

11. In the light of our above discussion, we direct the Union of India and its subordinate officers to consider the cases of the applicants for regularisation in terms of Order/OM dated 7.5.1985 of the Government of India and all other orders referred to therein with due regard to the facts and circumstances of each case and pass such orders as are found necessary in each case with expedition. But, before that also, the authorities shall make all efforts to rehabilitate all or any of them on any ad hoc basis against vacancies that exist or arise (with due regard to their length of service).

12. Applications are disposed of in the above terms. But, in the circumstances of the cases, we direct the parties to bear their own costs.

These petitions having come up for hearing this day, Hon'ble Vice-Chairman made the following:

O R D E R

Petitioners by Sri M.S.Anandaramu. Respondents by Sri M.Vasudeva Rao, Additional Central Government Standing Counsel.

2. In these petitions made under Section 17 of the Administrative Tribunals Act,1985 and the Contempt of Courts Act,1971, the petitioners have moved us to punish the respondents for non-implementation of an order made by us on 13-9-1988 in Application Nos. 956 to 963 and 1031 to 1033 of 1988.

3. In our order we directed the respondents to consider the cases of the applicants/petitioners for regularisation in terms of Order/OM dated 7-5-1985 of Government of India. Sri Rao has placed before us separate but identical orders made by the competent authority on 26-5-1989 in favour of each of the petitioner appointing him on regular basis. On the basis of this order Sri Rao urges that the respondents have complied with our order in letter and spirit and therefore, these contempt of court proceedings be dropped. Sri

TRUE COPY Anandaramu who has perused the orders made by the competent authority does not rightly dispute this position. From this it is clear that the respondents have complied with our order in letter and spirit. If that is so, then these contempt of court proceedings are liable to be dropped. We, therefore, drop these contempt of court proceedings. But, in the circumstances of the cases, we direct the parties to bear their own costs.
