for the Applicants

Shri M.G.Bhangade
Advocate
for the Respondents

ORAL JUDGEMENT   Dated: 15.9.1994

(PER: M.S.Deshpande, Vice Chairman)

      After the learned counsel for the applicant was heard
for some time, he stated that the only relief he would be asking
in the present case is to direct the respondents to consider the
applicant for a fresh appointment in accordance with the rules
when the fresh appointments are made and that the question whether
the respondents is an Industry or not should be allowed to be/re-agitated.

.. 2/-

2.   In OA. 291/90, the learned counsel for the applicant
states that we should also make a further direction that the
condition of 89 days should not be allowed to be put while
making appointments with a view to deprive the employees of the
benefit of permanancy. We do not think, in view of the statement
made by the learned counsel for the applicant that they will be
satisfied if a direction is made as sought that we should go into
the other questions. All that we need say is that the respondents
should consider the applicant when fresh appointments are made in
accordance with the rules. We are not deciding any of the other
points raised by the counsel for the applicant. With this observation,
the applications are disposed of. In view of this observation, there
will be no order on the amendment application filed today.
