This application has come up today before  
this Tribunal for orders. Hon'ble Justice Mr.P.K.  
Shyamsundar, Vice Chairman made the following:

O R D E R

We have heard Dr.M.S. Nagaraja for the  
applicant and the learned Standing Counsel. We admit  
the same but propose to dispose it off <sup>here and now</sup> by recording

the following order.

2. The Government has turned down the prayer made by the applicant for counting the service rendered at the H.A.L. for the purpose of his pension. The applicant belongs to the Aeronautical Development Establishment in the Defence Department. All that he wants is that the few years of service rendered by him outside the department when his services were placed at the disposal of the H.A.L. should be counted for the purpose of pension and other retiral benefits. To that effect, he made a representation which has since been turned down as per Annexure A-3 . . . . .

3. Dr. Nagaraja for the applicant asks us to vacate the impugned order because he says that the services rendered by a regular Government servant outside his line has necessarily to be counted for computing his retiral benefits. This requirement, he says is spelt out in the CCS (Pension) Rules. We do not, however, propose to examine the question vis-a-vis the Pension Rules for the simple reason that the said applicant will be continuing in service during the next 9/11 years. We think they are right now needlessly bothered as to what they would get from the Government after they retire. There is enough time for them to <sup>ponder</sup> reconsider over it and who knows the rules may themselves be later amended and the benefit of past services rendered in a public-sector undertaking made admissible for pension etc.

4. Under the circumstances, it becomes clear that we should not interfere at this stage. We, therefore, leave all these questions raised here open for consideration at a later stage, if need be. We

make it clear if in case the applicant wishes to come back to the Tribunal after he retires, the order impugned here<sup>in</sup> will not stand in his way. With this observation, this application stands disposed off finally. No costs.
