ORDER

Shri T.V. Ramanan, Member (A) :

We admit this case and condone the delay in filing this application.

2. We have heard the applicant in person and the learned Additional Standing Counsel appearing for the respondents and also perused the records of the case.

The applicant's prayer for quashing of the letter at Annexure-A5 refusing to provide a job to his son on compassionate

grounds by the respondents and seeking a direction to be issued to the respondents to provide his son with a job is not tenable at all. A perusal of the application dated 22.11.1989, given by the applicant to the Superintendent of Post Offices, Raichur, seeking voluntary retirement with effect from 31.3.1990 shows that he was seeking voluntary retirement on account of his daughter's marriage fixed during May, 1990 and not on account of any medical grounds. The applicant says that the addition made in the letter seeking voluntary retirement explaining the reason for his retirement as his daughter's marriage was not written and signed by him. Be that as it may, we are not here to inquire whether the reasons given as aforesaid in the application was actually written and signed by him or not. If the applicant wishes to pursue the matter, he may approach the Police for suitable action. What is relevant for our purpose is whether the applicant took voluntary retirement on medical grounds. His application for voluntary retirement nowhere states so.

4. In view of this position and as the rules do not permit appointment to be given to the dependent on compassionate grounds simply if a person retires voluntarily, the applicant has no case for his son being given employment on compassionate grounds under the relevant rules. The applicant tells us that his son's name stands registered in the Employment Exchange at Raichur. If so, his son must try his luck in getting selected and appointed to a post through the Employment Exchange. We cannot help him in any manner.

5. With the above observations, this application stands rejected. No order as to costs.
