-2-

ORDER

As per Hon'ble Shri Justice V.Neeladri Rao, Vice Chairman

Heard Shri P.Krishna Reddy, learned counsel for the applicant and Shri V.Bhimanna, Standing Counsel for the respondents.

2. These 8 applicants and R3 to R12 herein are some of those who were selected for the post of Inspector of Works Gr.III on the basis of the selection made by the Railway Services Commission, in pursuance of its Notification No.2/80. These applicants and some others were sent for training on 1.9.1981, while R3 to R12 and some others were sent for training on 1.12.1981. These applicants passed the examination that was conducted on 5.6.82 on completion of their training, while R3 to R12 appeared for the examinations conducted on 2.9.82 and later after the completion of the training.

3. It is not in controversy that the applicants are seniors to R3 to R12 as per the panel position supplied by the Railway Services Commission in regard to the post of Inspector of Works. It is also admitted by R1&R2 (R3 to R12 have not made their appearance even though they were served with notices) that those who were sent for training which commenced on 1.9.81 are seniors to those who were sent for training which commenced on 4.12.81 as per the panel position supplied by the Railway Services Commission. But, when R3 to R12 secured marks more than the marks secured by the applicants herein in the examinations that was conducted after the completion of training,

XV

44

R3 to R12 were placed above the applicants in the seniority list of Inspector of Works Gr.III in SCRily/ as on 31.1.89 which was published on 7.3.89. Thereupon, the applicants made a representation dated 13.4.92 by stating that it is not just and proper to compare the merit on the basis of marks secured at different examinations/when the same was turned down by order dated 29.4.1992, the same is assailed in this OA.

4. Para 303(a) of the Indian Railway Establishment Manual which reads as under, is relevant for consideration of this OA.

" 303. The seniority of candidates recruited through the Railway Recruitment Board or by any other recruiting authority should be determined as under:

(a) Candidates who are sent for initial training to training schools will rank in seniority in the relevant grade in the order of merit obtained at the examination held at the end of the training period before being posted against working posts. Those who join the subsequent courses for any reason whatsoever and those who pass the examination in subsequent chances, will rank junior to those who had passed the examination in earlier courses."

For want of sufficient accommodation in the Training Institute, it is becoming unavoidable inevitable to Railways to send the selected candidates for training in different batches. Normally, the

X

65

panel position in the select list is followed for sending them for training. It means that, while the seniors as per the merit list are sent for training in the first batch, those below, are sent in the later batch or batches. Independent posting can be given only on passing the examination conducted after the completion of the training. Whenever selected candidates are being sent for training, the examinations after the completion of their training ~~are~~ conducted batch-wise. Hence, in this case also~~x~~ the examination to the applicants and others who were sent in the first batch was conducted on 5.6.82, while the examinations for those who were sent in the later batches including R3 to R12 were conducted on 2.9.82 and later.

5. It is stated for R1 and R2 that as all of them were selected at one and the same time, those who were sent for training at different batches were treated as one batch for determining the merit position on the basis of the marks obtained in the examinations that were held after completion of their training. But the plea for the applicants is, that it is not just and proper to compare the merit on the basis of the marks obtained at different examinations.

6. It may be noted that even one mark will make a difference in regard to placement. Ofcourse, if all those who have to be considered for placement in seniority list appeared in the same examination, there cannot be any difficulty in comparing the merit for in such a case, they will be given rankings on the

✓

examination the syllabus may be same.

in one examination while others appeared in another on the basis of the marks obtained when some appeared whether it is possible to assess the comparative merit 8. The point that arises for consideration is on the basis of the marks obtained in the examination under-mentioned training in the same batch has to be fixed earlier batch and the seniority among those who placed below those who under-went training in the who under-went training in later batch have to be in the year 1979, the CPO himself ordered that those learned council for the applicant submitted that different examinations. But, Shri Krishna Reddy basis of the comparison of the marks obtained in along the seniority is being determined on the The further submission for R1 and R2 is, that all are also available for appearing in the examination. till those who complete training in the later batches go training in the first batch have to be kept idle common examination has to be held, those who under cannot be given independent posting and if a batches for unless one passes the examination, he is necessary to send them for training at different time for candidates selected in one batch, when it there is no possibility of conducting one examination. 7. It is submitted for R1 and R2 that

examination?

examination while others appeared in another marks obtained when some of them appeared in one merit can be reasonably made on the basis of the But, whether such a comparison in regard to the basis of the marks obtained in the said examination.
