DETAILS OF APPLICATION:

1. Particulars of the order against which the application is made:-

This application is made against the disciplinary Proceedings vide No.-Vig/ Assam /DISC XVII dated 8-2-2002 initiated by the Chief General Manager Assam Telecom Circle, Guwahati-7 against the members of the Telecom Engineering Service Association (I) Assam Circle in connection with purchase of materials in 1992.

2. Jurisdiction:-

The applicants declare that the subject matter of the applicants is within the jurisdiction of the Hon'ble Tribunal.

Contd..

3. Limitation:-

The applicants declare that the application is within the period of limitation under Section 21 of the Administrative Tribunal Act, 1983.

4. FACTS OF THE CASE: -

4.1. That, the applicant No.1 is an Association of Telecommunication Engineering Services Association (I), Assam Circle Officers. Its ^{Circle} ~~Central~~ Head Quarter ~~2~~ is situated at Ulubari, Guwahati-7. The applicant No.2 is the Circle Secretary, Telecommunication Engineering Services Association (I), Assam Circle, applicants No.3, 4, 5, 6, 7, 8, 9, 10 & 11 are the members of the said association. All the members of the said association are Citizens of India and as such are entitled to the rights and privileges guaranteed by the Constitution of India. The members of the Association have a common cause of action and pray for the permission under Rule 4(5)(b) of the C.A.T. (Procedure) Rules 1987.

4.2. That, the Association espouses the causes of its members who are promotee officers in different grades viz.- Sub-Divisional Officer, Telecom, Sub-Engineer External II, Sub-Div. Engineers, Divisional Engineer etc.

Contd...

Rasendra Dulir Choudhary

4.3. That, as back as in the year 1992 the Telecom Department took a decision to purchase P.V.C. Insulated Twin Galvanized Steel Drop Wire. The decision was taken by T.D.M. Kamrup, with the approval of Chief General Manager Telecom, Assam Circle to purchase the same from M/S B.R. Electricals, New Delhi and the materials were purchased from the said supplier.

4.4. That, after the lapse of about 10 years some questions have been raised as regards the mode, method, supply and payment in connection with the said purchase of materials from the said supplier. The Association has come to know that for giving an eye-wash in the matter of the said purchase. The Respondents have decided to give a semblance of administrative action and inquiry by showing some actions against the officers in lower and middle management. This present application is for safeguarding the service of the members of the association who are in S.D.E., S.D.O.T, A.D.T. D.E.

4.5. That, the purchase was finalised by the top management in the year 1992. After a lapse of about 10 years the steps for the administrative action & inquiry by issue of charge sheet shall put the

members of the Association into great jeopardy. Many of the officers are due for promotion and their promotional prospects will be adversely effected for alleged causes of about 10 years back, and for which they are not responsible. The members who are in the verge of retirement shall also suffer adverse consequences.

4.6. That, the association enquired about the matter and came to know that in the above case an investigation was made by the Central Bureau of Investigation and on failing to establish and definite charge against any member of the Association, the case was referred to Department of Telecom recommending prosecution against a few top level officers who sanctioned and executed the purchase deal after duly justifying the same as a matter of policy in Assam Telecom Circle.

4.7. That, due to the technical and prevailing unstable social condition during that period (1992) in Assam, the purchase of the P.V.C. Insulated Twin Galvanized Steel Drop Wire was advised at the rate approved by the J & K Circle because there was no concept of supply of the said material in the Department of Telecom till December, 1992. The supply of Insulated Twin Galvanized Steel Drop Wire commenced

Contd..

in DOT only after 1993. It was technically recommended by the Technical Officers of Assam Telecom Circle at that time that for the condition in Assam there was utmost need for the said type of galvanized Iron Wire. There was no official hindrance to operate approved rate of one Telecom Circle by another Circle and different Circles adopted the policy of accepting the approved rate of another Circle during 1992, 1993 and even up to 1998.

4.8. That, after considering all the facts in the said purchase, in which the top officials took the decision of the purchase, the D.O.T. took a lenient view against the then Head of the Circle who himself sanctioned the purchase of 100 k.m. of such Drop Wire, and the association has come to know that the matter was closed after finalising it justified to issue only an administrative warning to the said officer. The Association in the facts and circumstances of the case also prays that after such a long year the members of the Association should not be dealt with differently.

4.9. That, the Association has also come to know that the D.O.T. has considered the matter against the top officers in view of the total prevailing conditions

11
Rasman Duli Chitany

in Assam as the atmosphere was trouble torn due to the movement launched by all Assam Students Union (ASSU) and insurgency activities done by the underground groups, and for this it was difficult to float tenders. The authority, therefore, did not take any action against those top officers except giving warning. There is no Cogent reason why the same altitude should not be taken in the case of the members of the Association. Moreover, the members of the Associations had no scope or duty in the matter of Tender.

4.10. That, there was no scope on the part of middle level Engineering personal viz.- the members of the association posted in the executive officers to stall/ obstruct or refuse procurement of the materials and payments.

4.11. That, most unfortunately the respondents after closing the matter by an administrative warning to the Head of the Circle have started to shift the responsibilities on the subordinate officers including the members of the association by issuing identical charge-sheets vide order No.-Vig/ Assam/ DISC XVII/ dated 8-2-2002 who are not at all responsible in the matter. In the matter of warning

to the Head of the Circle it is prayed that the Honourable Tribunal be pleased to order for production of the records.

Copies of Charge-sheets dated 8-2-2002 are annexed hereto and marked as ANNEXURE - 'A'. *Series*

4.12. That, the applicants beg to state that the disciplinary proceedings against the members of the Association for matters of 10 years back will jeopardise the promotional prospects in the next higher post and also shall be the cause of immense trouble for those at the verge of retirement.

4.13. That, the respondents have taken a disciplinary stand against the officers in the subordinate cadre including the members of the Association and have also started disciplinary action in large scale manner without considering the factual position and evaluating the responsibilities and scope of duties of the individual officers while the matter has been dropped as regards the top level officer, such actions against the members of the Association are discriminatory and denial of reasonable opportunity in the matter of service and shall also prejudice the cause and scope of promotion of the members of

the Association for a reason which relates back to 10 years and which has also not been substantiated by high level inquiry. Some of the members of the Association have been issued with formal charge-sheet under Rule 14 of CCS, CCA Rules 1965. The issuing of charge-sheet shall cause irreparable loss and injury to the members of the Association and discriminatory stand in this respect, without any basis and without support of investigation report is violative of all principles of law, Justice and Administrative fair-play. The stand of the Respondents is not just and fair.

4.14. That, some of the members of the Association are already due for promotion to the next higher scales of the respective posts, but Association has come to know that due to contemplation of disciplinary proceedings by way of issue of charge-sheet under Rule, 1965, their promotions have been held up and this has caused high prejudice in the matter of promotion of such members of the Association, such action is arbitrary and not supported by procedures established by law.

4.15. That, in this connection the Association begs to state that they have made contacts with the branches of other Circle to have a correct and clear

picture in matter so that the matter may be placed clearly and correctly before the Hon'ble Tribunal. they have come to know that the decision to purchase the P.V.C. Insulated Twin Galvanized Steel Drop Wire at the approved rate of J & K - Circle were adopted in some other Circles also as a matter of administrative convenience. But the question of non-finalisation through independent tender has been raised only in the case of Assam Circle. The reason for such discriminatory stand is known to the respondents. It is reiterated that considering all these aspects, and after the CBI inquiry, the matter was dropped by an administrative warning to the Head of the Assam Circle. The Association states that no such disciplinary action has been initiated against the members of the Telecommunication Engineering Service Association of other Circles where the purchase and payment was made adopting the same procedure.

4.16 That, the applicant No.1 has submitted a representation dated 22-02-2002 to the respondent No.3 highlighting the factual positions and requesting for doing justice to the members of the Association and against the discriminatory attitude.

Contd..

Copy of the representation dated
22-02-2002 is annexed hereto and
marked as ANNEXURE - 'B'.

5. GROUNDS OF RELIEF WITH LEGAL
PROVISIONS:

5.1. For that, the stands of the respondents against the members of the association is discriminatory and is violative of Article 14 and 16 of the Constitution of India.

5.2. For that, the matter relates back to the year 1992 and the respondents are trying to give an eye-wash by taking steps for administrative action and enquiry by issue of charge-sheet which shall cause grave injustice to the members of the Association.

5.3. For that, the members of the Association are not at all responsible in the above matter of purchase during 1992 and they had no scope of duty in the matter of tender.

5.4. For that, the respondents discriminatory whimsical and arbitrary action after long 10 years against the members of the Association shall effect their promotional prospects adversely.

Contd..

5.5. For that, the decision of purchase was taken by the top officials, and the respondents have taken a lenient view in the matter and closed the matter by issuing only administrative warning to the Head of the Assam Circle but in the case of members of T.E.S.A (I) Assam Circle the respondent have dealt with differently which is violative of principles of equality and administrative fair play.

5.6. For that, in any view of the matter the issuance of the charge-sheet against the members of the Association is illegal.

6. DETAILS OF REMEDIES EXHAUSTED:

There is no remedy under any Rule and this Hon'ble Tribunal is the only forum for redressal of the grievances of the applicants. The applicants filed a representation dated 22-02-2002 before the Respondent No.2 above subject, however, no action has been taken on the same.

7. MATTERS NOT PREVIOUSLY FILED OR PENDING IN OTHER COURT:

The applicants declare that they have not filed any other case in any Tribunal, Court or any other forum against the impugned order.

8.3. The promotions due to the applicants be not withheld /delayed on contemplation of disciplinary actions/proceedings.

ARTICLE OF CHARGE FRAMED AGAINST SHRI ATUL SHARMA
FORMERLY AE/PLANNING, O/O THE TDM GUWAHATI AND NOW
SDE(AT) O/O CGMT GUWAHATI.

That the said Shri Atul Sharma while functioning as AE/Planning in the office of the TDM Guwahati during 1992 committed gross misconduct, in as much as he processed all the proposals for purchase of PVC insulated twin galvanised steel dropwire from M/S B.R.Electricals, New Delhi at an exorbitant rate of Rs. 6,999/- per Km which was the approved rate of J & K Telecom Circle, despite the facts that the said dropwire was not approved by DOT being non-standard one, not evaluated by TEC nor inspected by QA and without obtaining non-availability certificate from CTSO Dispur and when there was no requirement of the items. He also processed all the bills submitted by M/s B.R.Electricals when the same were not accompanied by Challans with defective challans, before sanctioned of estimates/without valid estimates and in some instances without estimates which all these show his malafide intention to oblige for the illegal purchases thereby causing undue loss to the Deptt. to the tune of Rs. 23,83,729.98.

Thus, Shri Atul Sharma due to his aforesaid acts failed to maintain absolute integrity and devotion to duty and thereby contravened the provisions of Rule 3(1)(i) and (ii) of CCS(Conduct) Rule, 1964.

Sub:-Review of the Disciplinary proceedings against members of TESA (I)

Sir;

It is reported that disciplinary proceedings are being initiated against a large number of officers belonging to this organization for their alleged involvement in connection with the purchase of PVC Insulated twin galvanized steel drop wire from M/s B.R.Electricals, a New Delhi based firm at the rates approved by J & K circle which was reported to be much higher. As per information received from effected members that due to the technical and prevailing unstable social condition in the circle, the purchase of the item was suggested in order to prevent frequent theft of wire and consequent interruption in the line, by the then top management of the circle at the rates approved by J & K circle as because there was no concept of use of this item in DOT till December 1992. The supply of Insulated G I wire commenced in DOT only in January'1993. The climatic condition and the topography of this region necessitated use of this type of wire as had been technically recommended by the then management of this circle. Moreover in the absence of any such circular till 1993 that one circle cannot operate at the approved rate of any other circle in the matter of purchase of any item, the then management decided to purchase the item at the rates approved by J&K circle.

Sir, our members being subordinate officers had no role to play in the policy decision to purchase and to finalise the modalities of procurement which is being termed as irregular by the investigating

agency. But, the members of this Association are reportedly being Charge-sheeted Under Rule 14 without considering the level of responsibility and magnanimity of the official power exercised by the staff / officer of various cadres and position in the aforesaid purchase deal. It is very unfortunate that while many senior officers who were involved in the decision to purchase and the mode of purchase have been simply Censured in this case while sub-ordinate officers are being booked under Rule-14.

Under the above circumstances, I, on behalf of the Assam Circle Branch of TESA (I) appeal to review the whole case in the light of the practical working environment prevailing in those days and the actual level of responsibility of the subordinate officers in the above case, in consultation with the Vigilance cell of the Department and do natural justice to our members who are suffering from extreme mental agony due to the discriminatory attitude shown to them at the fag end of their service life.

With regards,

Yours faithfully
(R. Dutta Choudhury) 
Circle Secretary, TESA(I), Assam.
