Subject: Fax dated 19th Dec. 2002 from MHRD, Government of India Calling me
back to report at NIT Silchar

Respected Sir,

With due regards, I would like to submit that I have received a fax on 21 Dec. 2002 from MHRD dated 19th Dec. 2002, advising me to go back and join NIT Silchar.

After receiving this fax, I talked to Dr. Mon-Gon Park, Director CPSC and I learnt that he had sent a letter to Government of India about me. Since I was not given a copy of the above mentioned letter, I do not have an opportunity to explain my position. This action appears to me against the natural law of justice.

I would like to emphasize that I conducted two (2) in-country courses in Manila and Chandigarh very successfully (Exhibit 1). as course coordinator. I have also presented eight (8) theme papers related to these courses. I have also received a plaque of appreciation from TTTI Chandigarh in recognition of my successful completion of the course.

In addition to above, in limited span of first six months of my stay, my three (3) papers have been already published in three (3) International conferences and two (2) papers are accepted in other International conferences for publication (Exhibit 2). I would like to further add that in comparison to other faculty consultants with CPSC at present, my performance should be considered as superior.

I got the Deputation Order to CPSC dated 18 January 2002 and 30 January 2002 for a period of two (2) years subject to review at the end of the first year. In normal situation it has been learnt that the Deputation is even further extended for another one year, totaling to three (3) years. I am also enclosing my bio-data (Exhibit 3). which was a basis for my assignment with CPSC.

Considering my above average performance, I am pained to learn that instead of rewarding my performance, I have been advised to go back to my parent institution (NET, Silchar).

May I kindly request you to send me a copy of communication between Dr. Park and MIIRD, to enable me to properly respond to the facts raised in this letter.

I shall highly appreciate your help in guiding me suitably on this issue.

With regards,

Sincerely yours,

K.M. Pandey 23/12/02

To Dr. Murli Marohar Joshi
Honorable Minister for Human Resource Development
Shaastri Bhawan, Government of India
New Delhi - 110001

Subject: Fax dated 19th Dec. 2002 from Department of Secondary and Higher Education calling me back to report at National Institute of Technology (NIT), Silchar, my parent organization.

Honorable Minister Dr. Joshi,

With due regards I would like to submit that I have received the above mentioned fax advising me to join back at NIT Silchar. Since I have not been made aware about the reasons behind such an action, I am not in a position to express my response to the allegations. I will be highly obliged if I can know the reasons which will allow me to suitably respond.

It is worth mentioning that initially I was sent on deputation for one year subject to the renewal for another two years however the action has been taken only after 6 months of my joining CPSC, Manila. I have already communicated with joint Secretary (T) Shri V.S. Pandey on 23rd Dec. '02 outlining my performance during the first 6 months. In my knowledge, this exceeds the performance of several consultants here. I am also attaching the testimonial of Dr. Bernardo F. Adiviso, the previous Director of the College with whom I had the opportunity to work for three months. I am intrigued to note that how my performance deteriorated so drastically in other two months only under the management of Dr. Park, the present Director of CPSC. I shall be highly obliged to you for reviewing the matter surrounding the developments which may have serious adverse consequence on me and possibly on any other consultant deputed by your ministry. I may kindly be guided in this matter.

Sincerely yours,

Dr. K. M. Pandey
