sealed cover which is not correct as per the learned counsel for respondents.

3. In this view of the matter, ends of justice would be met if the present OA is disposed of with a direction to respondents to open the sealed cover resorted to by them and in case the applicant is found fit, he shall be considered for promotion from the date his juniors have been accorded promotion with all consequential benefits. This has to be done within a period of two months from the date of receipt of a copy of this order. We order accordingly. The OA is disposed of accordingly. No costs.
