This application having been heard on 06.04.2018, the Tribunal on the same day delivered the following:

ORDER (ORAL)

Per: Dr.K.B. Suresh , Judicial Member

The learned counsel for the applicant submits that the house which is mentioned as built of concrete is actually a thatched shed. But even assuming that it has no value, 15 points would have to be given to the

applicant. She also states that since the mother of the applicant is a cancer patient, for which medical records have not been produced, she claims that 10 more points would have to be given to her. But even then, her points would then come to only 48 making her ineligible for consideration as the minimum requirement is 55 points. Apparently, the respondents have done some homework and produced the records indicating the land in possession of the applicant. But the applicant states that this land had been since partitioned and records can be produced.

2. Since the applicant has been considered only once, I hereby order that the applicant is eligible for two more opportunities for consideration and to facilitate this she is allowed to produce all the other documents which she wants to produce before the respondents so that the circle committee can consider that also. She may produce these documents within one month from the date of receipt of a copy of this order, then in the next opportunity she may be considered as she has been considered only once. With this direction the Original Application is disposed of. No order as to costs.
