O R D E R (ORAL)

HON'BLE DR K.B. SURESH, MEMBER(J)

We heard Major D.K. Subba and Major Lalit Pandey. They would say that actually they have had the applicant's issue enquired through the Zilla Sainik Board and having found the request made by him, genuine, had already cancelled the order of transfer to Leh and posted him back to Delhi. Besides which they had put him in the roster, according to the preference to be given to the people who have to be posted out of the area and APS service is qualified as Army service. Applicant voluntarily chose to be part of it and he is a Warrant Officer also. He is eligible to be treated as service personnel. They would say that once the applicant returns back to them, they will complete the discharge formalities and their provision for finalizing the final settlement of the discharged officer.

2. We have indicated to them that there should not be any coercive action against the applicant, because under the Constitution of India, even if he is an army man on deputation, he is bound with Section 14 of specific relief set. This they seem to be in agreement with.

3. Therefore, the applicant will return and present himself before the concerned authority within one month next and thereupon appropriate action will be taken to finalize his discharge, as applicant submits that his wife is a psychiatric patient and only his mother is available at the native place and the young children cannot be looked after properly. Constitutional right of existence and development of young children are part of man's fundamental rights. Therefore, we will direct the applicant to return back to duty forthwith and the concerned authority to release him as early as possible, so that he may return to the bosom of his family.
4. We express our gratitude to the concerned officials who have explained the matter. The respondents have indicated that they will, as early as possible, discharge the applicant. But let it be done within a time frame of six months.
5. OA closed as above. No costs.
