Heard. The matter is in a very small compass. The only question is whether under the rules while black metal formation is allowed for dentures, can ceramic also be granted? We have looked into it and found that these rules were formed long long back while Dentistry as a science was not developed as much. Now the ceramic is the usual thing and nobody uses the black metal fillers anymore. Under the rules Rs.700/- is stipulated for treatment under this head but including the ceramic head the Dentist seems to have charged Rs.2500/-. Going by the cost of equipment and consumables this does not seem to be extraordinary or anything. There are cases which must be fought tooth and nail and the cases in which a reasonable stand should be taken. It seems that unreasonable stand is being taken by the respondents. There is no need for such thing.

2. The OA is allowed. Applicant will be paid in accordance with the claim he has put. No order as to costs.
