.2.

This application having been heard on 6th September 2019, the Tribunal on the same day delivered the following :

ORDER (ORAL)

Heard learned counsel for the parties at length on two occasions with regard to considering the request of the applicant for her transfer to Palakkad or Thrissur. In this case the applicant has got a series of transfer orders. Initially the applicant was transferred to Kendriya Vidyalaya, Eluru in Andhra Pradesh. The said transfer was cancelled as there was no vacancy at the said school. Thereafter the applicant was again transferred to a hard station, ie., Kendriya Vidyalaya, Kavaratti. This order was also cancelled by the respondents as in terms of para 8 of the Transfer Guidelines she is not liable to be transferred to a very hard station. The applicant has put forth all her grievances and personal difficulties which unables her to move out of Kerala and prayed that she may be considered for transfer within Kerala itself, particularly, at Palakkad or Thrissur.

2. Shri.K.I.Mayankutty Mather put appearance and apprise this Tribunal that he has discussed with the Central Office with regard to the case of the applicant. He submitted that in the middle of the academic session the department feels not to transfer anyone. But, at the same time, they are not averse to consider the request of the applicant for transfer even on mutual ground or otherwise in case of existence of vacancy within Kerala along with others.

.3.

3. Taking note of the above observations, the respondents are directed that while making transfers after the completion of this academic session the applicant's request for transfer to Kendriya Vidyalaya, Palakkad or Thrissur or anywhere in Kerala may be considered even if she has not applied for the same online due to technical software difficulty stated by her and if possible the respondents may consider the mutual transfer request of the applicant in accordance with the rules.

4. The O.A is disposed of as above. No costs.

(Dated this the 6th day of September 2019)
