O R D E R (ORAL)

Shri Shanker Raju,

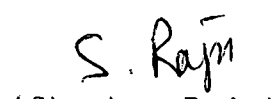

Request of the applicant for making amendment is rejected at the outset as the reliefs sought by the applicant were to disclose the marks and also production of records. Today records produced before us shows that the applicant has failed to achieve the minimum criteria i.e. 35 %. It is in this conspectus reliefs prayed by the applicant has been redressed as the records have been produced and marks are disclosed. In so far as further action or challenge to the procedure or the criteria adopted by the respondents, we do

not find that the same comes within the scope of amendment. This would amount to material alteration in the OA which cannot be permitted in view of Order 6 Rule 17 of CPC.

2. In this view of the matter, request of the applicant for amendment is rejected. However, he is at liberty to challenge the action of the respondents in a separate proceedings in accordance with law.
