....Respondents

(By Advocate: Shri Vijay Pandita)

O R D E R (ORAL)

By Justice V.S. Aggarwal, Chairman

During the course of submissions, it was not

disputed at either end that the respondents are getting the work study conducted and thereafter screening of the employees of the erstwhile Tibbia College has to be done. Decision has to be taken after that as to if certain employees have to be granted a particular status or not.

2. Keeping in view these facts, the present petition is disposed of, directing respondent no.2 to get the work study conducted as well as screening effected and take a decision in this regard. We direct accordingly. The said exercise should be completed within six months of the receipt of the certified copy of the present order and decision taken should be communicated to the applicants.

O.A. is disposed of.
